

[BeginText]

This letter is in response to your letter of July 28, 2006 regarding the July Quarterly Report for Green Mountain PAC covering 4/1/06 to 6/30/06.

The mistakes noted on primary/general election designation were a result of typographical error. All have been corrected and are included on the amended report filed with the FEC.

In addition, the line 8 cash on hand total has also been correct on the amended report filed with the FEC.

As stated previously, all fundraising costs are for general funding of the PAC and not for any specific candidate. The Committee has no intention of raising money for a specific candidate, but if that policy changes the cost will be duly noted on the appropriate lines.

If you have additional questions, please contact me.

Richard Cassidy
